

SASS May 2025

If June is at all like May, we should have some cracking shooting days. The sim game day is fast approaching, it was one of the hottest days of the year last time. For those that are going, you may need something to help keep your gun cool. We have gained a new member, nicknamed "Albert" because his surname is Hall. Some members have chosen not to renew for various reasons. We wish them all the best. The email list for this newsletter is correct for the current membership. Big Mac has started June off with a couple of Easterly shoots that we have visited once before. Then Hangmans and Bisley, both brilliant grounds and rounding the month off with Popham. It is a difficult task keeping it local with both Ower and Petersfield out of the equation until October, please bear with us.

Hangmans Stone, 4th May

Blagging this one as yours truly was not there. Seven guns on the score sheet, although a cryptic email with some gratefully received photos from Dynamite suggested that there was a new member "GreyHam." The weather was partially sunny but cooler than the previous week. It was a bit breezy with beer and pork pies after the shoot. Allegedly, the layout was very testing. Looking at the scores, nobody shot anywhere near their handicap. Everyone though, was within three shots of each other with handicap, which goes to show that the handicap system works very well. Well done to Dynamite for winning the cartridges and to Sturat for highest actual 38/50. At the Arms sausages, potatoes, and gravy on offer.

Petersfield, 11th May

Five guns met at the Arms before the drive to Gunners Wood. Spiced and Big Mac arrived with a prospective new member, so we shot as two squads. The ground was not that busy, but it was a testing layout and there was more than one smiley on stand two, a simmo pair, side on and quite a distance out before they could be picked up. The trapper from Ower, who now works at Petersfield, said that he shoots everything with a .410 (36 gauge in case you were wondering) to make sure they can be hit. The shoot will be closed now until October due to holidays. Well done to Robbo for winning the cartridges and for whinging to Martina about missing the roast potatoes and gravy last week, bless her, she made us all some this week too. Well done also to Sturat for the highest actual score 44/50.

Popham, 18th May

Another totally blagged report of this shoot at Test Valley. From the scores it can be deduced that seven member guns shot the layout. When the Captains gun was collected from the Chairman it was established that the new member, formally a prospective member, shot with us too. This means that when he shoots again it will be his third score, so he will be entered in the league, be given a nickname and have a handicap. Well done Unick for winning the cartridges and to Badger and Sturat for the impressive highest actual 47/50.

Bisley, 25th May

On this warm but breezy Sunday morning, nine SASS guns shot a hundred in three squads of three. Starting at the gate, we shot all of the top stands, leaving just one stand below the gate. We shot the going away pair as singles and the last pair as simmo. This was the third outing for our newest member, so he now has a nickname "Albert" a handicap and is on the league table. From June, Alberts scores will count for the Sunday 25's. Our most northerly member came down for a visit and won the cartridges. Well done Hotpot and no surprise, the highest actual was Sturat with 45/50. Once again, the lady checking licences and taking the money thanked us all for being so well organised. Proceedings were followed by a Bisley pie baked by Denise and a beer courtesy of Robbo, thank you both.
